30–60–90 Day Entry Plan
Assistant Principal – St. Louis Public Schools

Keena Moore

My Leadership Commitment

With more than nineteen years of experience in the field of education, to include eleven years in instructional leadership and school operations, I approach the Assistant Principal role as a partnership with the Principal intended to strengthen systems that improve student outcomes. My leadership style focuses on building strong relationships, supporting high-quality instruction, and creating safe, structured school environments that promote student achievement. This entry plan aligns with the SLPS Comprehensive School Improvement Plan (CSIP) and the Missouri Leadership Development Standards by prioritizing instructional leadership, effective operational systems, and strong relationships with students, staff, and families.

First 30 Days: Listen, Learn, and Build Relationships

Key Actions

- Meet weekly with the Principal to understand school priorities, CSIP goals, and leadership expectations specific to the building.
- Conduct a "listening tour" of teachers, staff, and department leaders to identify strengths and opportunities.
- Build relationships with students through high visibility during arrival, transitions, lunch, and dismissal.
- Introduce myself to families through communication channels and family events.
- Review school operations including discipline systems, safety procedures, and arrival/dismissal processes.
- Conduct classroom walkthroughs and attend PLC meetings to understand instructional practices and data use.
- Analyze STAR, MAP/EOC, APR, attendance, and discipline data to identify priority areas impacting CSIP goals.

Outcomes

- Strong relationships with staff, students, and families and a clear understanding of school culture, instructional practices, and operational systems.

Monitoring Strategies

- Weekly leadership meetings with the Principal/ Leadership Team, walkthrough data tracking, and initial leadership team data review.

Days 31–60: Strengthen Systems and Instructional Support

Key Actions

- Provide timely targeted feedback to teachers following classroom observations and during coaching cycles.
- Support PLC teams in analyzing STAR and formative assessment data to guide instructional decisions and provide targeted interventions.
- Reinforce consistent schoolwide expectations and PBIS practices to strengthen school culture.

- Monitor attendance weekly and collaborate with counselors and support staff to address chronic absenteeism.
- Align instructional focus with CSIP priorities including STAR growth, APR indicators, and MAP/EOC performance data.

Outcomes

- Improved instructional collaboration, stronger discipline and attendance systems, and increased focus on student growth.

Monitoring Strategies

- PLC data analysis, STAR benchmark progress monitoring, and weekly discipline and attendance reviews.

Days 61–90: Deepen Impact and Build Sustainable Systems

Key Actions

- Lead data conversations focused on student growth and instructional effectiveness.
- Support instructional coaching cycles that strengthen teaching practices and student engagement.
- Expand student recognition programs and opportunities for student leadership and voice.
- Strengthen communication with families regarding attendance, academic progress, and school initiatives.
- Refine systems for discipline, safety, and attendance to ensure sustainability and alignment with school and district expectations.

Outcomes

- Increased student engagement and academic growth, stronger school culture, and sustainable operational systems that support teaching and learning.

Monitoring Strategies

- Ongoing review of STAR growth, MAP/EOC performance, APR indicators, attendance, and discipline trends.

As Assistant Principal, I will consistently reflect with the Principal and leadership team on the effectiveness of our systems and strategies. Through regular review of instructional, attendance, and discipline data, we will identify trends, celebrate progress, and adjust practices to ensure continuous improvement. My goal is not only to support the Principal's vision but also to build sustainable systems that empower teachers, strengthen student engagement, and ensure measurable progress toward the SLPS CSIP goals.

My Leadership Impact

My leadership experience implementing PBIS in SLPS reduced discipline incidents by 38% and increased attendance by 15%, demonstrating my ability to build systems that improve student outcomes. In partnership with the Principal and staff, I will use similar data-driven strategies to support SLPS goals for academic growth and student success.
