Subject: Letter of Recommendation for Ms. Keena Moore

To Whom It May Concern:

Ms. Moore and I have worked together in the Hazelwood School District for several years. We have had the pleasure to work on various committees together; I have observed her instruction as well as have firsthand knowledge of her outstanding leadership skills.

She is extremely knowledgeable in today's pedagogy, whether its Differentiated Instruction or Depth of Knowledge, she uses this knowledge to improve student achievement and advance colleagues instruction. Keena Moore works diligently with others to improve instruction for all students. She is a champion for increasing student achievement through methods that are proven to work. She is very capable of building on people's strengths and producing growth where this is a concern.

Not only does Keena present opportunities for students to grow but as a part of the building Leadership Team, she has spearheaded opportunities for the teaching staff to develop professionally. In her role as data team leader she spends countless hours monitoring the progress of our students academic success as well as formulating a plan that the English staff can harness to produce higher student achievement. As End-of-Course preparation supervisor for her team, she lends her time and talent for understanding instruction in guiding her teams' decision-making for test prep.

Keena gives her time to the leadership by acting as a Lead Administrative Intern during her planning times. During this time she handles referrals, makes parent contacts, and sits in on hearings to aid in formulating a comprehensive plan for students and their families upon re-entry to East. She has a charismatic personality that our students, families and community members respond to and respect her authority.

Ms. Keena Moore is an educator you want as part of your leadership team. She will be a valued asset to any district that welcomes her to their staff. If you would like to speak further regarding Ms. Moore's credentials please don't hesitate to contact me.

Sincerely,

Shanise Terrell

Mrs. Shanise Terrell
District Instructional Coach
